RESEARCH GROUP

2nd Minisymposium on Materials Characterization under the auspices of the Rector of AGH, prof. Jerzy Lis

Friday, June 7, 2024, 12:00 am

AGH University of Krakow
Faculty of Materials Science and Ceramics
room 0.18, building B8

Agenda

- | | |
|---------------|---|
| 12:00 – 12:10 | Welcome address (Ehrenfried Zschech, Robert Filipek) |
| 12:10 – 13:00 | <i>Latest development of In-situ correlative microscopy by AFM-in-SEM, Jan Neuman, CEO NenoVision s.r.o., Brno, Czech Republic</i> |
| 13:00 – 13:50 | <i>Advanced microstructural characterization using FIB/SEM tomography, Katarzyna Berent, Academic Centre for Materials and Nanotechnology AGH University of Krakow</i> |
| 13:50 – 14:00 | Concluding remarks (Robert Filipek, Ehrenfried Zschech) |
| from 14:00 | Get-together |

Organizers:

Prof. Dr. Robert Filipek, AGH University of Krakow, Faculty of Materials Science and Ceramics, Modelling and Inverse Method Research Group (<https://mim.agh.edu.pl>)

Prof. Dr. Ehrenfried Zschech, Brandenburg University of Technology Cottbus-Senftenberg, Research Group Nanomaterials (<https://www.malab.com>)
